Do you have an interest in how library services work behind the scenes, where no day is the same? If you answer yes to these questions, then this exciting opportunity may be for you. The Education Library Service (ELS) is looking for a forward-thinking, creative and ambitious person, who loves sharing reading with children and families, to join the ELS team.

You will need computer skills that enable you to use our Library Management system (training will be given for this), Outlook and Excel.
