Summer Reading Challenge 2022

Presented by The Reading Agency.
Delivered in partnership with libraries.

The Summer Reading Challenge run by The Reading Agency will start from Saturday July 9th so please do send everyone down to Truro Community Library to register. We love to see as many young people in here as possible and it is a fantastic way to keep reading over the summer holidays.

The format is the same as previous years – the challenge is to read six books from the Library over the summer holidays. Any books can be read – fiction, non-fiction, graphic novels, comic books, audio books – whatever takes your fancy!

The theme this year is The Gadgeteers with a fold-out, fill-in, colourful sticker folder designed by author and illustrator Julian Beresford. There are stickers and stuff to collect along the way at each stage of the Challenge as in the previous years.

This year's Summer Reading Challenge theme is Gadgeteers, created in partnership with Science Museum so at the end of the Challenge we are excited to be partnering with The Royal Cornwall Museum in Truro. Anyone finishing the Challenge and reading six books will be entered into a prize draw to win two annual passes to the Museum – children go free anyway but this means that two adults can go free with them for the whole year.

The Museum was founded by The Royal Institution of Cornwall in 1818 to promote excellence in science and art and to forward the world-leading industries that Cornwall was known for and it continues to be a hub of discovery.

The theme of Gadgeteers was chosen to spark children's curiosity about the world around them and to inspire them to see the science and innovation behind everyday objects such as fashion and technology, cooking and music. The fold out sticker folder has a fun narrative and six characters to follow.

There is also a great website at www.summerreadingchallenge.org.uk with illustrations by Julian Beresford. There are competitions, mini challenges, a book sorter and all sorts of fun things to do to get ready for the Challenge.

But of course, we like to see everyone in the library and reading books, so come and sign up anytime from Saturday 9th July!

We would love to see every child in and around Truro joining up and using the Library and to feel ownership of our lovely building as part of their city.

Thank you for all your continued support of the Library over the year; we greatly appreciate it!

Best wishes Becks Hazzard

Parents and carers urged to protect children against COVID

As COVID-19 cases continue to rise, parents and carers in Cornwall are being urged to get their children vaccinated ahead of the summer holidays.

Jabs are now available for all children over the age of 5 and child-friendly clinics are being set up at sites across the county.

The virus poses a risk to young people, both during the initial infection period and with longer-term health issues such as long COVID.

Vaccinating children can:

- Prevent further disruption to their education and social activity from initial infection as well as from long COVID which affects over 8% of children.
- Save lives by reducing the risk of infection to your child and to those around them, especially vulnerable and elderly family members.
- Reduce symptoms if infected and reduce the likelihood of developing severe disease and lasting health issues – proven by over 15 studies.
- Enhance future protection if a child has already had COVID-19.

All COVID-19 vaccines in the UK have passed all clinical safety trials to be approved by the UK's Medicines and Healthcare Products Regulatory Agency. This means they are safe.

Parents and guardians can [book a vaccination appointment for their children online](#), or just walk in at their nearest walk-in clinic. To find out the details of their nearest walk-in site [visit the Grab a Jab website](#).
